

TRAFFIC Delineator Posts

Help drivers and pedestrians navigate construction, parking lots and more with fluorescent orange and reflective white traffic delineators.

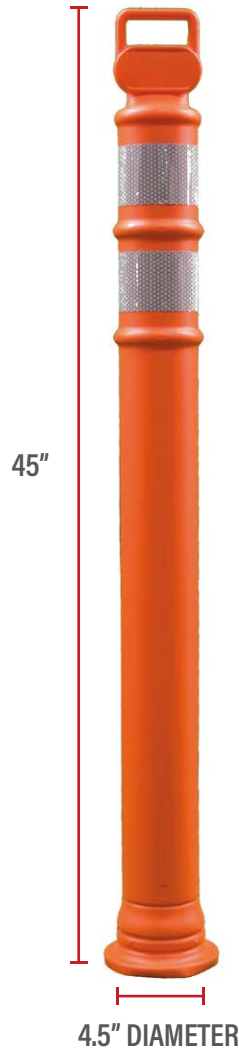

EZ GRAB HANDLE

Easy to Transport
EZ grab handles make these delineators portable, and you can clip flashing lights to the tops for increased visibility.

High Visibility
Every bright orange delineator has 2 reflective white bands to catch the attention of pedestrians and drivers.

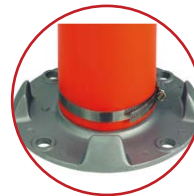

45"

4.5" DIAMETER

Specifications

HEIGHT	45"
DIAMETER	4.5"
BANDS	WHITE, HIGH-INTENSITY REFLECTIVE TAPE

Delineator Bases & Accessories *(optional)*

Base Mounts
Secure weighted bases to delineators by adding base mounts.

Rectangular Weights
Use 12" black, rectangular base weights to keep delineators upright even in inclement weather.

Hexagonal Weights
Anchor delineators in place with 12"-wide, black, hexagonal base weights.

Barricade Lights
Add flashing lights to delineators to protect workers and the public.
